

Position Details

Position Title	Director of Lifesaving
-----------------------	------------------------

Position Overview

The Director of Lifesaving provides leadership and direction to the Lifesaving management team and patrolling members.

This position is responsible for strategic oversight, budget preparation, management, and governance of the Club's lifesaving mission as set out by SLSA and the Lifesaving Agreement with SLSWA and City of Stirling.

This role will suit a person with leadership qualities and good organisational skills.

Operational Objectives

Responsible for the development and approval of TISLSC's Lifesaving Agreement.

Provide clear direction, guidance and goals for the Lifesaving management team.

Ensure that Patrol teams have the resources, training and support to effectively deliver the clubs Patrol obligations throughout the surf season.

Provide leadership and direction at patrol forums and incident response reviews.

Ensure Lifesaving administration compliance with SLSWA rules and regulations.

Skills & Experience

Have a sound knowledge of lifesaving practices in water safety, techniques, planning and administration.

Have good interpersonal and communication skills.

Qualifications as a volunteer lifesaver.

Desirable to have experience in a team environment and issue resolution.

Good ability with computer and information technology.
