

Position Details

Position Title	Powercraft Officer
Reporting To	Director of Lifesaving

Position Overview

The Powercraft Officer has overall responsibility for the provision of ATV, IRB and Jetski services for the Club.

This role liaises with the Powercraft Training Coordinator in the Education portfolio and the Water Safety Coordinator in the Lifesaving portfolio.

Operational Objectives

Responsible for the correct use and care of all Powercraft equipment. This includes ensuring that

- correct procedures and regulations governing Powercraft usage are adhered to.
- only suitably qualified patrolling members use Powercraft.
- the Director of Lifesaving is advised of any misconduct or misuse of Powercraft.
- all Powercraft equipment is maintained and repaired in a timely manner.

Skills & Experience

Should hold or obtain Powercraft awards, including the RST.

Have a sound knowledge of Powercraft regulations and their usage.

Ideally have mechanical aptitude and problem-solving skills.
